PARTICIPATION GUIDELINES

At WSS, we work hard to create a safe, positive, and fun swim experience for every child. This handout highlights the key expectations that help ensure a smooth lesson for everyone.

WHAT KIDS NEED TO BE ABLE TO DO

- Follow verbal directions from instructors.
- Stay with their group, remain on the dock safely, and wait for instructions.
- Follow all pool rules and listen to lifeguards, instructors, deck coordinators, and WSS staff.

DOCK & POOL SAFETY

- Children should not climb, jump on, or play with the dock — it's important teaching equipment.
- Swimmers should not go under, around, or through the dock's rails or platforms.
- Kids must stay on the dock or in the pool area until an instructor permits them to move.

RESPECTFUL AND SAFE BEHAVIOR

- Equipment should be handled gently and never thrown.
- Physical aggression (hitting, biting, kicking, spitting, etc.) is not allowed.

IMPORTANT NOTE ABOUT PROGRAM STRUCTURE

- WSS is a non-adaptive swim program. Instructors are not trained to provide one-on-one, therapeutic, or behavioral support.
- Children need to participate independently within a group setting.

IF SAFETY CONCERNS COME UP

- If a child's behavior creates a safety risk, we may need to remove them from the lesson.
- We will always speak with caregivers afterward to discuss next steps.
- In some cases, discontinuing the program may be necessary to keep all swimmers safe.
